<p>REN0756 <b>Renesas Electronics Simplifies Integration for Industrial Ethernet with Intelligent-RJ45 Module Solution</b></p>	<p><b>Renesas Intelligent-RJ45 Module Solution Simplifies Integration for Industrial Ethernet</b></p> <p>Dual Port                      Single Port</p>
<p>REN0755 <b>Renesas Electronics Delivers R-Car V3H System-On-Chip for Automotive Stereo Front Cameras in Level 3 and Level 4 Autonomous Vehicles</b></p>	<p><b>Renesas R-Car V3H SoC for Advanced Computer Vision</b></p>
<p>REN0754 <b>Renesas Synergy™ Strengthens Chip-to-Cloud IoT Connectivity with New Enterprise Cloud Toolbox</b></p> <p>Renesas Synergy™ stärkt Chip-to-Cloud IoT-Konnektivität mit neuer Enterprise Cloud Toolbox</p>	<p>Connect to: Amazon Web Services Microsoft Azure Google Cloud Platform</p>
<p>REN0753 <b>Renesas Electronics Shortens Evaluation Time of Industrial Networking Applications with RZ/N1L Solution Kit for Remote IO and Communication Modules</b></p> <p>Renesas Electronics verkürzt mit dem RZ/N1L Solution Kit für Remote-I/O- und Kommunikations-Module die Evaluierungszeit von industriellen Netzwerk-Anwendungen</p>	<p><b>Renesas RZ/N1L Solution Kit for Evaluation of Industrial Networking</b></p>
<p>REN0752 <b>Renesas Electronics Unveils New Renesas Synergy™ Website and Solutions Gallery for IoT Developers</b></p>	

News Releases / Pressemitteilungen	Graphic / Foto
<p>REN0751  <b>Renesas Electronics Introduces Low-Cost Target Boards to Support Growing RX 32-bit MCU Family</b></p> <p>Renesas Electronics präsentiert Low-Cost Target-Boards zur Unterstützung seiner wachsenden 32-Bit RX-MCU-Familie</p>	
<p>REN0750  <b>Renesas Synergy™ Platform Boosts IoT Performance with IAR Systems Advanced Compiler Technology</b></p> <p>Renesas Synergy™ steigert mit modernster Compiler-Technologie von IAR Systems die IoT-Leistung</p>	
<p>REN0747  <b>Renesas Electronics Expands RX130 MCU Lineup to Enhance Functionality for Touch-Based Home Appliances and Industrial Automation Applications</b></p> <p>Renesas Electronics baut mit der RX130 Gruppe sein MCU-Portfolio für erweiterte Touch-Screen-Funktionalität in Haushaltsgeräten und Anwendungen in der Industrieautomatisierung aus</p>	
<p>REN0746  <b>Renesas Electronics Unveils Industry-Leading Fully Encapsulated Dual 30A and Single 33A Digital Power Modules</b></p> <p>Renesas Electronics präsentiert branchenführende, vollständig gekapselte digitale 30 A Dual- und 33 A Single-Power-Module</p>	
<p>REN0744  <b>Renesas Electronics Highlights Innovative Connectivity Solutions Enabling Smart Society at embedded world 2018</b></p>	
<p>REN0743  <b>Renesas Electronics Accelerates NCAP Front Camera Application Development for Entry and Mid-Range Cars with Comprehensive R-Car V3M-Based Solution</b></p> <p>Renesas Electronics beschleunigt die Entwicklung für NCAP-Frontkamera-Anwendungen für Fahrzeuge der Einstiegs- und Mittelklasse mit einer umfassenden Lösung auf der Basis des R-Car V3M</p>	<p>Renesas R-Car V3M Starter Kit for Automotive Front Camera, Surround View and LiDAR Development</p>
